Members of the public: 1

Declarations of Interest: None

Apologies received from: S Cox, M Woolley

Public Adjournment

No comments

Planning applications

DC/16/0038 Muttons Farm, Muttons Lane

Erection of 3 open bay timber garage with tiled roof

After discussion, including debate on size, location and impact on the listed building, Councillors agreed that whilst there were no objections to the application the following was noted:

- Confirmation that the application is for 3 open bays (not 2 open bays and a door as in the indicative photograph).
- Building materials should be sympathetic with the house; so the bricks and roof tiles should be second hand and colour matched to the house.

DC/16/1033 Wortley Cottage, Malthouse Lane

Replacement of existing pre-fabricated garage with new timber/block garage and new garage gravel drive.

Following review of plans and discussion all agreed there were no objections to this application.

The meeting finished at 7:45pm
